THE GRAND TOUR

Glebe has been transformed into an art exhibition to debut the Grand Tour Gallery – a new outdoor exhibition space that spans the entire suburb. The gallery expands across 60 locations, including outdoor public spaces, apartment façades, shop windows and cafes, to literally transform Glebe into an art outdoor gallery.

The Grand Tour Gallery is an annual initiative of the Glebe Chamber of Commerce to provide a public space for Australian photographers to showcase their photographic artworks. Requests for submissions will begin in January.

150 LOCALS

150 Locals was chosen as the theme for the inaugural Grand Tour exhibition to coincide with Glebe's 150th birthday, and to celebrate the suburb's diversity. 150 life-size photographic portraits showcasing Glebe's vibrant community will be displayed throughout Glebe. It is set to become one of the largest photographic exhibitions of its kind in Sydney.
